Keep an Object facing the Mouse Position

Good for weapons that fire in the direction of the mouse

Resource

Config

```
[Arrow]
Graphic          = @
Texture          = arrow.png
Pivot            = center
Position         = (0, 0, 0)
```

Code

```
orxVECTOR arrowPosition = orxVECTOR_0;
orxObject_GetPosition(arrow, &arrowPosition);

orxVECTOR mousePosition = orxVECTOR_0;
orxMouse_GetPosition(&mousePosition);
orxRender_GetWorldPosition(&mousePosition, orxNULL, &mousePosition);

orxVECTOR direction = orxVECTOR_0;
orxVector_Add(&direction, &arrowPosition, &mousePosition);

orxFLOAT angle = orxMath_ATan(direction.fY, direction.fX);

orxObject_SetRotation(arrow, angle);
```
